Comments	<input type="text" value="Granting permission to allow Oxford United to use the land to build a football stadium and other facilities will not only secure the long term future of a 131 year old community asset (the football club) but provide jobs and boost the local economy - it would be a win-win for all involved parties.

Providing the land will boost the profile of the local area and increase the chance of success for the football club, which hopefully will lead to Championship - and maybe one day, even Premier League - football, for the county of Oxfordshire to enjoy and support."/>
