Comments	<input type="text" value="I was born in Oxford, lived many years in Kidlington and am now retired in Banbury. Our local community needs this investment for the economy and local sports groups. This stadium is leading edge, environmentally sustainable and will be a proud asset for the whole of Oxfordshire.
Any traffic congestion would be short lived and infrequent and more than outweighed by the huge benefits the stadium will bring.
The football club need this ground to have a viable future and the council for once should help the club. Do not let a few vocal protesters, who aren't Oxford born and bred, stop this ground on a traffic issue which can be managed if you want it to be."/>
