<b>Comments</b>	<input type="text" value="I want to support the planning for the new stadium. This football club has been the heartbeat of my family's generation for over 60 years . We have seen sooo much heartache and joy following oxford United . The friends all my family have made through this wonderful club including a trio of players playing for the club. It's a truly special community club. We are now in a desperately dire future if the decision goes against us. Our club will be lost forever . The memories, supporters, players community spirit and professional status will disappear into the oblivion. We must be granted this opportunity to keep this club that's existed for over a century to survive. The infrastructure, job opportunities, community projects and prospects this will bring is without doubt an incredible opportunity for kidlington. Yes people will object as all people do to any project. But houses are constantly built on greenbelt land with no assurances of support to anything bank to the town they are built on. Oxford United fc has met and gone above every promise to fit in your guidelines and more . Offering excellent opportunities, thriving learning centres for young people and the sporting community. I urge your decision to grant us our new home and not let a decision wipe out over a hundred years of business. Please please do not be fooled by negative comments against this decision. People do not understand the importance and opportunity this permission will bring to kidlington and surrounding areas . I beg you with all family's hearts do not destroy our beloved club . We need your support. We will die without your support and granting of the planning permission."/>
