Comments	<input type="text" value="I was born in Oxford, my family still live in Abingdon and I have ancestral roots going back centuries to this area.
My Grandad took me to my first game at The Manor in 1980 and I have been an active supporter of the club through thick and thin. Oxford United is a big part of my life and always will be. It is imperative that they survive and the only way they can happen is through the development of the new stadium. The club is a crucial and integral part of the city and county. This is more than merely football. This is about community, providing role models to kids, promoting healthy lifestyles and a love of our home city and area. Oxford United must survive!! Oxford United deserve the support of this project - it means so much to so many of us."/>
