| <b>Comments</b>           | Bare with this starting bit!! ... I was introduced into football by my Dad at the age of 6 I thank my dad for that as it's given me a lifelong association with the club, and the county, that still continues to this day from my life in Leeds. I still goto the matches 400 mile round trip. My Dad is now 92 still going strong but can't get to matches from Devon tho my brother does and he is just outside Exeter. While we were at the manor my Dad was offered the groundmans job at one point. I'm now 65 PLEASE PLEASE PLEASE .. the county needs a professional football club. Even if staying at the Kassam was an option, which it isn't, F kassam will always be a millstone stopping the club be successful. We need a positive decision asap in order to get the ground built. Those objecting, I feel are over worrying about the impact and the ground is only used in the capacity of league games on a limited basis.. PLEASE don't let the few spoil it for the many.. I will have no option but to drive to the new ground but I would always be respectful of my parking and follow all parking/travel guidance. I would come by train, but that is clearly logically impractical due to the train network, ( I'd have to go from Leeds into London /across London then back out to Oxford) . COYY!! PLEASE APPROVE ASAP! Many thanks for reading.. |
