Comments	<input type="text" value="Support all the way. My husband, my son and my two young grandsons go to every home game and where possible away too. How can a minority try and spoil the enjoyment of thousands (10,000 on 13th April in fact). The NIMBY's should perhaps go to a home match and see what a great couple of hours on a Saturday this game affords people. Traffic delays if managed correctly are minimal before and after a game. The Triangle could not be in a better position. The A34 round the corner going north or south, a train station, a park and ride, bus services, not to mention easy walking or cycling access. As regards noise - what's wrong about hearing the cheers of people having fun. And of course the much needed sports facility and help that Kidlington youngsters need which it is sadly lacking at the moment. And job vacancies."/>
