<b>Comments</b>	<input type="text" value="I am very much in favour of the new stadium plans. It will allow me to have an option of travelling by train or car for all home games. Currently my only option is by car and although parking is good I have to arrive very early due to the one road in and out. I am also keen for the football club to remove any ties it has with Mr Kassam due to inflated rent and poor management from the landlord. I am also keen for the match day experience to be increased with additional facilities and a better atmosphere a stadium brings. It should give the football club a base to be even more successful on and off the field."/>
