Comments	<input type="text" value="Dear Cherwell District Council,

Please approve the application made by OUFC for a new stadium at the triangle site, a new stadium in oxford shire is essential for the community and the football club. OUFC do so much for all the county.. community activities, education for all ages, health for all ages, women's and girls of all ages football, people with learning disabilities football, mental health, and so much more for our community. This stadium would bring local jobs to the area and really cut the impact of traffic across the county, therefor massively reducing emissions. if this stadium doesn't get approval the future of the club would be in serious dealt and this would have a massive impact on all community's in oxfordshire.

Many Thanks for your time.

Kind Regards
Glen Hiles"/>
