<b>Comments</b>	<input type="text" value="As a resident of Oxfordshire and a supporter of Oxford United I fully support the planning application for the new stadium. Sport, including following Oxford United, has been a force for good in my life and through this sport I have witnessed first hand how a football club can become the heart of a community, can bring communities together, build a collective identity and pride and can inspire generations of children and families through a shared passion as well as making a significant contribution to the local economy. I believe Oxford United's future commitment goes beyond just football and extends into the community, providing social and economic opportunities, sustainability and inclusion. The new stadium and the opportunities it will bring will, in my view, be an asset to Oxfordshire. If this application was to fail then I believe this has the potential to lead to the collapse of the football club and all the benefits this could bring. You often fail to appreciate something until it is gone. Please support this application. During a period of economic hardship for families across the County this is an opportunity to come together in a shared objective to do something positive for the community."/>
