Comments	<input type="text" value="I object to this planning application because of the loss of more greenbelt. In this area there has been a lot of destruction of natural habitat and bio-diversity, This area already suffers from traffic congestion and pollution, with cars stacked up during busy times of the day at it is, so to add further to this is both irresponsible and unhealthy.

This part of the city limits has already experienced enormous over development and I feel that adding to the mix a stadium would be excessive. Furthermore, I don't understand why the stadium is being moved from it's present location, which seems a suitable site."/>
