Dear Planning Office,

Your lack of joined up thinking and prescience is unbelievable, planning a football stadium in an area which has problems with water supply, sewerage and flooding. Locals will be adversely affected by noise and particularly air pollution, the latter impacting greatly on the NHS; and the loss of a green lung which affords them pleasure and wildlife and indeed all nature a habitat.

Oxford is so anti cars and yet we shall see such an increase in traffic and an increase in accidents.

Pauline Wyman, 11 Lovelace Square, 512 Banbury Road, Oxford OX2 8JU.
