Comments	<input type="text" value="I wholeheartedly support the proposal for a new stadium for Oxford United.

As a former resident of Kidlington, I believe that a stadium that looks so fantastic as well as adhering to all of the councils requirements regarding being green and sustainable can only be a good thing for the area. Not only for local residents and employment prospects but for the wider community also with the fantastic social and commercial opportunities that a business ess like this can bring to the county."/>
