Application Number	<input type="text" value="24/00539/F"/>
Location	<input type="text" value="Land To The East Of Stratfield Brake And West Of Oxford Parkway Railway Station Oxford Road Kidlington"/>
Proposal	<input type="text" value="Erection of a stadium (Use Class F2) with flexible commercial and community facilities and uses including for conferences, exhibitions, education, and other events, club shop, public restaurant, bar, health and wellbeing facility/clinic, and gym (Use Class E/Sui Generis), hotel (Use Class C1), external concourse/fan-zone, car and cycle parking, access and highway works, utilities, public realm, landscaping and all associated and ancillary works and structures"/>
Case Officer	<input type="text" value="Laura Bell"/>
Organisation Name	<input type="text" value="Miles Webster"/>
Address	<input type="text" value="6 Newman Lane ,Drayton,Abingdon,Oxfordshire,OX14 4LP"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="These are my main points for supporting the planning proposal
* For over 20 years Oxford United has been playing on someone else's pitch. It's remarkable that the club is in the position it is today, despite the stadium rental burden. Oxford United could have disappeared when it dropped out of the football league, but the club survived and returned stronger than before. This demonstrates the sustained support the club has in the Oxfordshire community.
* The new stadium will be a major attraction within the county and will boost employment opportunities.
* It will provide a wider and improved range of resources for the communities with which the club engages.
* It will give beneficial impetus to the Oxfordshire economy generally, both in the construction phase and when it is operational.
* Minimising the environmental impact of the stadium is at the core of the club's ambitions. It will set environmental innovation standards for other stadia to follow, sustaining Oxford's progressive reputation in technology.
* The capacity of 16,000 has been prudently assessed and the economics demonstrate a viable payback timescale on investment.
For these reasons I believe the planning proposals should be accepted, so that the people of Oxfordshire can have a club and a stadium that they can be proud of for many years to come."/>
