Comments	<input type="text" value="Oxford United have been very close to my heart ever since I was a child. My late father took me to my first ever Oxford United match at The Manor Ground and that's when I fell in love with the club! Having supporting the team and attending matches, no matter where I lived all over the country, I have always attended just for the love I have for this club. The thought of this being taken away from myself and every other supporter is heartbreaking. I strongly urge you to allow the club the permission to build a fantastic eco-friendly stadium that will be a hub for the community. Thank you."/>
