Comments	<input type="text" value="Please support the planning application for Oxford Uniteds new stadium. The club needs a new home and I feel this a fantastic opportunity for the club and city in a perfect location with the a34, bus links at the park and ride and train station so close. I have loved going to watch games with my Dad as I grew up and now go to games with my two sons and my wife also. Oxford needs a professional football club and its so good for the community as well as providing jobs and entertainment. I work part time as a support worker with a group of men who have a learning disability in Abingdon. They recently joined Oxford as players for the disability team and played a match against Northampton. I was able to see first hand the positive impact it had on their lives. Please say yes to a fantastic opportunity to build the club a new home that all the people of Oxfordshire can be proud of."/>
