Comments	<input type="text" value="I've been an Oxford United fan since 1983. This stadium gives me the first chance in 41 years to get to a home Oxford game using only public transport. Should it be built, I will finally be able to leave my car at home!

Oxford surely deserves a top class football stadium, like this fantastic one that is proposed. It's a facility that we have never had, and will benefit the wider community in so many ways. I hope that the right decision is taken and this significant investment goes forward for the benefit of so many people, not to mention the vital improvement to the environment."/>
