Comments	<input type="text" value="I am a supporter of Oxford United and resident of Oxford and I am writing to express my full support for the proposed development of the Oxford United Stadium at Kidlington.

Without this development Oxford United could face homelessness. I have been a loyal fan since 1963 and would be devastated if the development did not go ahead.

I am therefore giving my full support for the developmen of a new stadium for Oxford United and to ensure the future of our beloved football club which has been going since the late 19th century.

We are all proud to be followers and supporters of a much loved and respected football club and are very proud of its past achievements and hope there will be many more in the future."/>
