Received Date	<input type="text" value="I would like to give my support to the proposal for a new stadium for Oxford United, I believe it is important to keep Professional Football in Oxfordshire. They play a large part in the community and I think it is important to the health and wellbeing of younger boys and girls that they participate in sport. Football is just one part of that but in todays world where it has an incredibly high profile (particularly the women's game at the moment) that it encourages our young people to get outside and exercise."/>
