<b>Comments</b>	<input type="text" value="I support the application for the new stadium. The proposed location is in my opinion ideal due to its proximity to major transport infrastructure and is far enough away from current residential areas not to cause major issues when the stadium has an event.&lt;br/&gt;&lt;br/&gt;Oxford is in need of this type of facility not just for the football club but for the wider Oxfordshire community by providing an environmentally sustainable building which can be used for more than just hosting football matches making it more useful than the current stadium."/>
