<b>Comments</b>	<input type="text" value="I am 60 years old and have been a lifetime supporter of Oxford United and a season ticket holder. It is inconceivable that a town like Oxford and a County like Oxfordshire would not have a professional football club operating in the highest league possible. We currently have a local born manager with a team in the play off places in League 1. We have a board willing to invest 130M to build a world class football stadium with strong eco credentials. I fully support that the impact on local residents should be minimised and the club should listen to sensible Improvements. Imagine Oxfordshire in 2026 without OUFC, no other county would allow this and once it is allowed to happen it is irreversible."/>
