<b>Comments</b>	<input type="text" value="I'm very much in support of this planning proposal. I've lived in Oxfordshire my whole life and have been an Oxford United fan since my first match at the age of 5. I'm 42 now and continue to attend matches as does my Dad, Mum, uncle, brother and countless friends and acquaintances. The clubs means the world to thousands of people throughout Oxfordshire, the UK and even the world. A successful football club can bring much pride and finance to the city. The design of the stadium looks tasteful and should not hamper the surrounding area. It may feel like an extension to the existing Oxford Parkway development. The proposed site means that fans can use city centre amenities before attending a game. They provide convenient public transport links that the current stadium did not, meaning people can leave their cars at home. This stadium can cement the clubs future, a club that has meant so much to so many. Please support the new stadium proposals and give Oxford United and Oxfordshire something special and most importantly cement the continued life of the club. Thank you for reading"/>
