<b>Comments</b>	<input type="text" value="I urge Cherwell District Council to approve the planning application for the development of a new stadium for Oxford United Football Club as early as possible. The football club is a vital part of the Oxfordshire community, and the positive impact of the club and stadium on thousands of people across the county and country should not be underestimated. To see the future of the club at risk because of any delay to approving the planning of the stadium is incredibly sad. The benefits of developing this new stadium far outweigh any negatives for both local communities and the county. Anyone who has recently visited the current stadium - The Kassam - will know that this is not a venue that is suitable for ensuring the club's successful future. Please, please, please support Oxford United and make sure this stadium project can move on quickly."/>
