Subject: Objection to building of Stadium: Planning Ref 24/00539/F

CAUTION: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender and know the content is safe.

I object to this application as a resident who will be directly affected by it. In particular, the plans fail to show the 'very special circumstances' needed to build on the Green Belt. There will be impact on nature conservation, trees (already under threat in other parts of the diminishing local Green Belt) and the plans will affect drainage and flooding. The stadium will cause huge traffic congestion, constant noise and light pollution, and is out of keeping with a green and residential neighbourhood, which already suffers from traffic jams. I also strongly object to the suggestion of road closures which will severely hinder the activities of local people.
