| Type of Comment | <input type="text" value="Support"/> |
| Type | <input type="text" value="neighbour"/> |
| Comments | <input type="text" value="I am writing to support the plan for the new Oxford united stadium. I feel the sight in question would be great place for the stadium to be built for the following reasons: - It's on the outskirts of Oxford. - It is close to the motorway allowing easy access for home and away fans. - It's close to the train station allowing easy access for home and away fans. - Easy access to bus services. - It will generate jobs for the local community. - It won't really affect Kidlington with regards to traffic and congestion on match days due to the fact that the only traffic likely to come through the actual town itself will be from the Banbury and the villages south of Banbury and north of Kidlington. All other traffic will come via m40, a34 and a40. - It will generate more custom and revenue for local businesses. - There are no local homes nearby so it won't affect any homeowners. - It offers a great opportunity to build something that people who live in Oxfordshire can be proud of and hopefully attract people to become part of the Oxford United community. I really hope the plan goes forward. It's a rare opportunity to do something great within our community. Kind regards, Thomas Hall"/> |
