Comments	<input type="text" value="We need a new home! Mr Kassam drains the life out of my/our football team. People dread coming to watch my football team mainly because of the home we're currently in. Just think what a positive investment would do not only for Oxford football club but for Oxford as a whole. People look at Oxford and think the beautiful university but we're more than just a university we have a football club that to many of the fans is more than just a football club it's there life. Be on the right side of this argument and join me and thousands of others in building our beloved Oxford United into the team/stadium we deserve as a football club and as a city."/>
