Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="This project would be extremely beneficial to the local community. It would create numerous jobs for the local community in the near future and moving forward. As someone who travels by petrol car at the moment to oxford united at the moment the transport benefits would be huge as I would be able to travel by train reducing mine and many others carbon footprint. The local community will benefit from this also. The proposals by oxford united will also benefit many local sports clubs and all of Oxfordshire."/>
