<b>Comments</b>	<input type="text" value="The question is a very simple one. Do we, in Oxfordshire want professional football and first class facilities at our disposal. Oxford United have ambitious owners who are part funding and part financing their proposals. Turn this application down and become responsible for the potential demise of the club. Look at teams like Bury and Torquay and see what can happen to under resourced football clubs and indeed their towns. The fact that the proposed facilities are also a showcase for sustainable and green development make this an even more compelling proposal. Oxfordshire can either grow with these proposals, or just watch a slow and painful decline due to unambitious planning and nimbyism."/>
