Comments	<input type="text" value="I think it is very important to maximise the use of public transport to this facility, and to minimise journeys by individual private car - no more than 10% of all employees or users should arrive by car. The A34 is full, and the train and bus links are excellent. Access to the stadium should be designed to prioritise those arriving on foot, cycle, coach or train. Parking should be limited and expensive."/>
