Comments	<input type="text" value="I urge the Cherwell district council to approve the plans for a new stadium for Oxford United Football club. I was born in Oxford and spent most of my life living and working in Oxford and Oxfordshire. I have been supporting my beloved football team for over 60 years, like my Father before me and alongside my Brothers, Children and Grandchildren. Although I no longer reside in Oxfordshire, as a season ticket holder i make the short trip from my home just over the border in Gloucestershire for every home match and numerous longer journeys to see United away games.
With time running out on the agreement for United to play at the Kassam Stadium it is vitality important that work is started to build our new forever home as soon as possible. This is a once in a lifetime chance to build a sporting centre for future generations of young people to enjoy and bring employment to the area for years to come. A city's football club has the ability to pull communities together and our great city of Oxford has the opportunity to become the envy of many other cities.
Oxford United means so much to my family and I can't imagine it not being there for us. I know there are thousands of other people across Oxfordshire and beyond who feel the same.
Please support the proposed plans and let's build a football stadium we can all be proud of.
