

Comment for planning application 24/00539/F

Application Number	<input type="text" value="24/00539/F"/>
Location	<input type="text" value="Land To The East Of Stratfield Brake And West Of Oxford Parkway Railway Station Oxford Road Kidlington"/>
Proposal	<input type="text" value="Erection of a stadium (Use Class F2) with flexible commercial and community facilities and uses including for conferences, exhibitions, education, and other events, club shop, public restaurant, bar, health and wellbeing facility/clinic, and gym (Use Class E/Sui Generis), hotel (Use Class C1), external concourse/fan-zone, car and cycle parking, access and highway works, utilities, public realm, landscaping and all associated and ancillary works and structures"/>
Case Officer	<input type="text" value="Laura Bell"/>
Organisation Name	<input type="text" value="Ken Morris"/>
Address	<input type="text" value="31 Almond Avenue, Kidlington, OX5 1EN"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Very concerned about the effects on surrounding neighbourhood I.e Parking, there is simply just not enough parking at the new stadium. This will turn the south of Kidlington and nearby estates into a huge car park on event days at the stadium. Local residents do not want parking restrictions outside their own homes. It will also cause chaos with traffic etc and there are mentions of road closures before and after football games this is just crazy!! There is simply just not enough infrastructure around the stadium to cater for away fans travelling via train. Coach loads of travelling fans will gridlock local pubs and shops in the centre of Kidlington. This is a green belt area and it needs to stay that way. OUFC have stated that 80% of fans will use public transport to get to the stadium- this is total nonsense, they will use their own cars and park wherever they can in Kidlington and walk. Concerts and such will lead to noise and light pollution."/>
