Comments	<input type="text" value="this development has my support as I feel this is a great opportunity for oxfordshire as a whole aswell as the oxford united fan base.
This will ensure the club has a future and a place it can call home that will benefit them and the area.
On a personal note it will mean I can travel to the game by train with my family, this will save the co2 I emit traveling to match days by car currently. I believe this is our best and only opportunity and without this permission I and many others may no longer have a club to support"/>
