Comments	<input type="text" value="I have concerns that the green belt is being built on. In addition to this the parking provision is inadequate. Other people use the park and ride and railway station car parks at Oxford Parkway, so parking there cannot be relied upon. I am also concerned that the road will be closed on match days. It is a main road to and from the Railway station and into Oxford. The impact on road congestion in the area and Kidlington would be horrific."/>
