| <b>Comments</b>           | <input type="text" value="For far too long the people of Oxfordshire have had to put up with sub standard recreational buildings ie. too small for purpose ice rink, no 50 metre swimming pool and a football stadium not fit for purpose.I therefore support the application for the new football stadium. The location is perfect for local transport from all areas. It's would also allow easy access for cyclists from a lot of areas via the existing cycle paths."/>                                  |
