Comments	<input type="text" value="I am writing to support the planning application for a new stadium at The Triangle. As a lifelong supporter of Oxford United from childhood, the need for a new modern, sustainable, transport friendly and community focused stadium has never been more necessary. The end of the current lease at the completely unsuitable Kassam Stadium in 2026 means an uncertain future for the counties' only professional sporting club. It is the pillar of the community and needs to have a home that the county can be proud of and one that we can call our own and be proud of. It should support all teams for Oxford United and it should be recognised as a magnificent stage for professional football. If we are deprived of this the whole county will suffer and it is likely that Oxford United will not survive going into the future. Please do the right thing and ensure that we can all be proud of the new stadium and all the benefits that it will bring, long into the future."/>
