Comments	<input type="text" value="As a lifelong Oxford United fan and a boy who grew up going to the Manor with my family I'm now taking my 2 young children to many Oxford games both home and away each season. Let me just say the way an 8 and 10 year old wake up on a Saturday morning talking about and looking forward to watching their favourite team play, is both wonderful and such a massive compliment. A compliment to the meaning of the word Family, the meaning of the word community and the meaning of football especially Oxford United. We now live an hour away from the new proposed site but I endeavour to travel to every game possible just to be a part of the family, community and support for the club my family love. This new stadium will mean everything to the people of Oxfordshire who love their club, the non-aggressive, non-antagonistic football loving community based people who can reconvene at the only place in the world where we all have one thing in common, Oxford United. My children always ask me about the new stadium and have even asked me where we will be seated (haha), God how enthusiastic they are for this project. Please don't deny so many children and people the love of something they essentially want and need in their lives, let this stadium proposal go through let's keep that community spirit alive in the common denominator, our love of Oxford United"/>
