Comments	<input type="text" value="I have watched Oxford play at the Kassam. I have been with my teenage daughters and we have enjoyed our experience. The stadium will be no more from 2026, the football club will require a stadium. I feel the area in Kidlington will provide an opportunity to provide a sports and social facility that would also provide work opportunities. I drive past the area everyday, my opinion is an over green neglected area. I feel it is an opportunity created with fore sight and business savvy that should be welcomed."/>
