Comments	<input type="text" value="Oxfordshire is a fabulous county of culture, history, education, agriculture and diversity. What Oxfordshire has lacked for many years is a breadth and wealth of sporting facilities and successes to match the success we see in other areas of society and culture. Oxford United is the only professional sports organisation in the county. It is also a leading element of community, networking and societal integration for many members of the population across the county.

Oxford United must be given the opportunity to continue to lead the county's sports bodies. I fully support the development of a new ground in the triangle south of Kidlington. It will act as a focus for community sports and professional development.

It's a strong yes from me."/>
