Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I support this application because we need a successful football club in Oxford.

Myself my two sons and my five grandchildren attend all home at the current stadium. It is great seeing young families attending matches as I did with my dad sixty plus years ago.

It is important that we have good transport to the new site where we are all are not having to take our own cars. We as a family are looking to take the train to the games.
