Comments	<input type="text" value="The club is close to my heart. It is where my (late) dad and I watched football together, and where my 9 year old son and I now go every week. There is a great family feel to the club with many young supporters there every week which is great to see and hear. This is something we as a proud county should be fighting to keep and grow, not to mention the job opportunities this project will bring
With a move to the new stadium, we would also have the opportunity to utilize public transport, as both train and bus routes would get us there quicker than it currently does at the kassam. Anyone who is a true fan would support the application as traffic will be significantly reduced from what it currently is and what little traffic there would be would be for a few hours a week"/>
