Comments	<input type="text" value="I have supported Oxford United FC for 55+ years. Since I have passed my test I have driven to the Manor ground and the Kassam from west Oxfordshire as public transport is inconvenient or does not exist. I support this stadium as I will be able to travel to the triangle site on a local bus. (I intend to use the S7 service from Witney)
The new site will be sustainable as many more fans will be able to reach the site by public transport, particularly as Oxford Parkway rail station is only yards away.
This is a unique opportunity for a world class facility in Oxfordshire providing facilities both for football and the wider community that will be the envy of many local counties.
I urge Cherwell DC planning committee to allow this stadium to proceed"/>
