Comments	<input type="text" value="As a close neighbour I am fully supportive of the plan. I feel it can deliver great long-term benefits for the area, for local businesses and the community in general. As a parent of 2 young children I can see the great benefits and opportunities that it could bring to them. I would also hope that the club delivers a firm, binding commitment to improving local sports facilities for young people, particularly at Stratfield Brake. My son plays for Kidlington Youth FC, and the team has had many games postponed due to the condition of the pitches whenever the weather gets bad. Other towns and villages have 4G facilities and it would be great to see that here. I would also add that I feel the plan for a footbridge from Oxford Parkway to the stadium is an absolute necessity. I don't see how the closure of Oxford Road on matchdays could be workable, considering that it is such a major route between Kidlington, Oxford and the Ring Road."/>
