Comments	<input type="text" value="As a kidlington resident my whole life, I would like to show my support to the application of a new football stadium at the site known as the triangle. I believe Kidlington needs this because it will bring jobs to the area , bring state of the art facilities for local children to use while at school and be a place for entertainment whether that be walking in the proposed green spaces , using the gym or watching football there. It will improve a piece of land that has sat doing nothing for years . I fully support this project ."/>
