Comments	<input type="text" value="I wish to state that I strongly support the application to build a new stadium for Oxford United Football Club at The Triangle, Kidlington. I have studied the details of the Planning Application and I believe that the proposal is a rare opportunity for the people of Oxfordshire to be given a ground-breaking, innovative, eco friendly first class facility that will benefit many people from across the county. Oxford University has many world class facilities for the benefit of a small minority and I firmly believe that this proposal offers a world class facility for the many."/>
