Comments	<input type="text" value="Dear CDC,

We write to you as supporters of Oxford United and urge you to agree with plans for a community football stadium at The Triangle.

We are currently four generations of supporters, with ages ranging from 87 to 4 years old. Oxford United is in our blood and it makes us so sad to realise that from 2026 we will be homeless unless we can build a new stadium.

We appreciate the need to make sure that the move is right for everyone but as a football club we believe that every question has been answered and in manner of sustainability and with a firm eye on our carbon footprint.

Please don't let the narrow mindedness views of some not-so-local people detract from the fact that this proposal would be life changing in positive way for thousands of people in Oxfordshire, not just the football club.

Thank you for time in reading this.

Brian, Paul, Daniel, Emma, Eleanor, Bethany, Mollie and Joshua Freeman"/>
