Comments	<input type="text" value="The traffic problem is my main concern, the lovely idea that most supporters will use trains & buses is very unrealistic and obviously being falsely used as a plus point for the stadium. It will cause chaos to Kidlington on Saturdays. More traffic , more pollution, more building on green belt areas. Causing disruption to rugby & cricket club . Kidlington is really not the best location for a football stadium it will not benefit the community in any way."/>
