Comments	<input type="text" value="I object to this application. I am in the process of relocating to Kidlington in the next few months to live next to family, and am very concerned about the impact this proposed development will have. Road closures will cause traffic chaos to the village and surrounding road network and leave residents trapped. The traffic can be bad at the best, but this will cause gridlock and unfairly impact on residents' lives. Football fans will use Kidlington village for parking. Will residents be forced to pay for parking permit schemes? The site is currently Green Belt and should not be developed in this way, let alone for unnecessary commercial use such as a 180 bed hotel. Please do not allow this development to proceed."/>
