Comments	<input type="text" value="I write in support of the planning application from OUFC for a new stadium at land now known as the Triangle.
This is fantastic opportunity for the local area and for Oxfordshire as a whole, both as a community hub (please see the work of Oxford United in the Community), a huge economic boost and an opportunity to bring into public use an area of land which is currently a bit of a wasteland. The location is one of the best connected to public transport in the county being close to Oxford Parkway and good local bus routes providing good access to the city centre and easy access to the wider Oxfordshire population. A positive planning decision would secure the future of Oxfordshire only professional sports team and one of the only places/organisations in the county that can bring together multiple generations of local people."/>
