Comments	<input type="text" value="I am very impressed by this application. As a resident of Wolvercote/North Oxford I was initially sceptical about the effects of a new stadium in this general area. However, the applicants have addressed all my concerns, especially about transport and environment. I think this is a really exciting development, a state of the art facility which will benefit the wider community, and an imaginative and progressive initiative which will put KIdlington (further!) on the map."/>
