Comments	<input type="text" value="I wish to register my formal support for this application. My wife & I have been season ticket holders at Oxford United for nearly 20 years. The club is an important part of the city's life and it deserves its own stadium, rather than continue to be subservient to the current ground's owner. The new plans will provide a new home for the club as well as providing beneficial facilities to the local and wider Oxford community. The application should be approved on these grounds."/>
