Comments	<input type="text" value="I've been a life long Oxford Utd supporter but no longer live in Oxford. The stadium is just what this club needs as the county of Oxfordshire. I travel into the games negotiating all the traffic and adding to the traffic. With Oxford parkway being so close I would be able to use public transport as would many other United fans like me travelling in. So not only would the building of the stadium produce jobs for the county it could effectively reduce traffic and pollution. Regard Ken"/>
